Carl Teitelbaum MOVED and Tom Cutts SECONDED the MOTION. It was approved
by the Board members.

Public Forum:

Ed reported the public forum is appropriate to be on the agenda for Beaverton City Library Advisory Board meetings because of Oregon's Public Meetings Law. This would allow for a consistent time and procedure for comments and presentations by guests and public visitors.

Ed introduced Larry Fox and Dotti Wilson, representatives of Beaverton Library Foundation, presenting their fund raising aspirations for the Beaverton City Library with special emphasis on literacy and future expansion of the Beaverton City Library @ Murray Scholls . The Advisory Board's support would be very useful as the Foundation applies for grants or other funding sources.

Larry presented the statement "A Force for Literacy" as an ambitious and long-term vision that will require support from private funding sources and creative ways of collaborating with the community.

After considerable discussion by the Advisory Board, it was suggested the statement be revised and presented at a later date.

Council Liaison's Report:

Ed House, Library Director, reported the following on behalf of Councilor San Soucie:

- The City of Beaverton's proposed Budget for Fiscal Year 2012-2013 will be published soon. The Board and citizens of Beaverton are encouraged to read the Mayor's Budget Message.
- It is recommended that Board members review the contents of the budget's revenue and expenditures and contact Marc, Ed or the Budget Committee with any comments.

Statistics:

- Ed provided the Board with circulation reports for Beaverton City Library for April, 2012.
- Total circulation for April 2012 for both Beaverton City Libraries was 287,072 items, a decrease of -0.39% compared to the Washington County Cooperative Library Service (WCCLS) average of -0.89%. The Beaverton City Library Main circulation was down -2.34% and Beaverton City Library @ Murray Scholls circulation was up 8.36%.
- The dip in the use of self-checkout at Beaverton City Library - Main for April is due to the downtime experienced for the software to be upgraded for the conversion to RFID.
- Children circulation for April was up 4.36% (119,424 items compared to 114,433 last year) and program attendance was up 24.55%. Youth Services has done an excellent job figuring out which programs are more successful and well attended.
- Beaverton City Library's market share at the end April was 27.34% of all the items WCCLS libraries circulated. In April 2011, we were at 26.85%, so Beaverton City Library's market share continues to grow.

WCCLS Report: by Ed House, Library Director

Radio Frequency Identification (RFID) Update: The security gates and new upgraded self-checkout machines and pads are installed at both facilities and working properly.

Patrons' self-check experiences have improved by the new and upgraded self-checkout machines. There are shorter lines and fewer alarms at the gates.

The self-checkout machines' swipe card readers will enable patrons to pay fines. Staff wants to ensure the electronic transfer of funds is working smoothly before this feature is made available to the public.

The command center module showing items that were not checked out properly should be working by the end of the month.

Committee Reports:

New Friends of Beaverton City Library: Among the wish-list of items the New Friends of the Beaverton City Library will buy an event monitor. Instead of having a forest of easels and posters in the lobby, a large monitor will be mounted and show a listing of events throughout the day. It will be easy to update and will include Library programs, City events and special advertisements such as the New Friends' Book Corner.

Bob asked if the monitor expenditures of \$3,000 would limit features or flexibility and should there be more. Ed responded he thought that it was enough for the library's needs.
